Everyone at Brougham Street Community Nursery School works to ensure that children are kept safe by:

- Providing a safe environment for children and young people to learn
- Identifying children who are suffering or likely to suffer significant harm, and taking appropriate action, with the aim of making sure they are kept safe, both at home and at school.

Guidelines for Staff & Visitors

If you think that a child is in need because they are suffering or likely to suffer significant harm, you **MUST** do the following:

- Make a note of what you have seen or been told on CPOMS.
If you are a visitor, ask a staff member to do this.
 - If you are wondering if you should add it to CPOMS, add it.
 - Don't make assumptions - keep an open mind.
 - Don't ask leading questions, only simple and open questions - Who? What? Where? When?
 - Don't physically examine the child (other than in an emergency when no first aider is available).
 - Don't take photographs of the child, or part of the child.
 - NEVER promise to keep "secrets".
 - Be discrete - Do or say nothing that may place the child or yourself at risk.
 - Act quickly, share information with the designated person or member of the safeguarding team,
 - If your concern relates to a member of staff this **MUST** be shared with the designated person, nothing should be said to the colleague involved.
- Know your procedures. They are your boundaries. They are there to protect you as much as to protect children.
